Cleared Direct™

Commercial Pilot Single & Multi Engine Instrument Airplane 250 Hours **All Glass!**

100 Hrs Single Engine EFIS
50 Hrs Simulator EFIS w/ FADEC
100 Hrs Multi Engine EFIS w/FADEC

Cleared Direct™

Europe-American Aviation's Career Pilot Program

The world's first Diamond Brilliance Flight Center launches the first all Glass Cockpit ab-initio Career Pilot Program.

Why Cleared Direct™?

- 100 % of all new Commercial Airliners and almost all new General Aviation Aircraft manufactured today are Glass Cockpit.
- Our hybrid Part 141 / 61 training program allows greater flexibility while controlling program costs. Compare our prices to other programs. You get more for less. 100 hours of true Multi-engine time with no "safety pilot" time building gimmicks.
- Our Cleared Direct™ program is peerless in the amount of Glass and Multi-engine time you will receive. Quality Glass and Multi-engine pilot time will give you the competitive edge in a job interview.

**Start your career with Europe-American Aviation
in our modern Diamond aircraft**

Diamond DA40 Cockpit

Boeing 777 Cockpit

Training in obsolescent equipment is not the best investment in your career.

Cessna 172SP Cockpit

Boeing 737-200 Cockpit

Training in our Diamond fleet is the best value for your training dollar.

Cleared Direct™ Program Description

Our Cleared Direct™ students will gain a Commercial Pilot Certificate with Airplane Single and Multi-engine class Ratings, and an Instrument Airplane Rating in a six month time frame.

This program is tailored for those pilots who want to make a career out of flying. It is designed to give the maximum EFIS time and Multi-engine time for a new pilot. Our goal from the beginning was to provide the highest quality training possible to make our graduates more competitive in a job interview. Our program is designed around our Technically Advanced Aircraft (TAA), built by Diamond Aircraft. Our program is unique in that you train in a Glass cockpit (EFIS) from the very first hour. We are the first worldwide Diamond Brilliance Flight Center, offering factory approved training in EFIS equipped DA40 Diamond Star and DA42 Twin Star aircraft.

Cleared Direct™ is intended to accomplish 250 logbook hours, including 100 hours DA40 Diamond Star, 100 hours DA42 Twin Star and 50 hours in our state of the art Level 5 FTD (Flight Training Device).

Our Training Aircraft

DA40 Diamond Star FP/CS

DA40 Diamond Star with
Fixed or Constant Speed Propeller
Used for Private & Instrument training

DA40 Diamond Star XL

Advanced weather systems,
Integrated GFC 700 autopilot
with Flight Director

DA42 Twin Star

Jet-A fuel powered FADEC
controlled Turbo Diesel engines
Multiple Award winning Twin

As the world's first Diamond Brilliance Flight Center we introduced the Diamond Simulation Level 5 Flight Training Device (FTD) to the U.S. Cleared Direct™ incorporates the FTD with 50 hours of training throughout the Instrument, initial Multi-engine and Commercial phases. Our FTD is an essential part of the program, both for emergency procedures training, as well as conducting realistic instrument flight scenarios.

Course Pricing

The Cleared Direct™ course costs \$69,825, discounted from \$74,281. This reflects a savings of 6% from Europe-American Aviation list prices.

Price includes all flight training, ground training and books (sales tax included where required).

A security deposit of \$1,500 is required upon enrollment.
